

O'Brien Radica Kneeboard

\$299

Brings levels of performance previously unheard of at this price. With a built in tow hook that makes getting up easy! Taking cues from our already industry-leading kneeboard designs, we've blended wakeboard and waterski design elements into the Radica to bring levels of performance previously unheard of at this price. Wakeboard styled quad, cupped molded fins make edging and carving a breeze, while allowing release for spin type tricks. The water-ski influenced edge bevel helps the board sit low in the water for stability and allows quick edge to edge transitions when carving. With a built-in hook that makes getting up easy, to a super-stable ride that beginners & intermediate riders will love – you just might say it's radical!
