

Savwinch 3000W Drum Boat Winch

\$5,000

Savwinch is a highly established and well recognised brand of Australian made high quality drum anchor winches and accessories.Â

They are robust and reliable well suited to the harsh marine environment.

The 3000CS and 3000SS Savwinch are the second largest in the Savwinch boat anchor winch range. An absolute monster of a winch it is suitable for up to 14 meter boats.

It comes with all the superior design features and benefits of the rest of the Savwinch range.â€

Boasting a 320mm wheel diameter-bearing and bearing hub support it can support over 100metres of rope at 12mm nylon or 150metres of 10mm nylon.

Endlessâ€opportunitiesâ€for fitting up rope and chain to suit your use.â€Pleaseâ€ring us to discuss.

The 3000CS and 3000SS Savwinch has heaps of grunt and is very reliable. Over engineered to handle harsh applications. With a robust oversized worm gearbox â€ to take higher shock loads this winch is powerful and made to last.

Comes with switch gear.

Want your anchor to drop down faster than a standard mechanical up/down, look at our clutch free Savwinch Electronic Fast Fall System, falls as fast as a free fall system but without the problems typical of a clutch system.â€ Ask for the Model SAV EFF 100.
