

Fusion Stereo Active Portable Stereo

\$300

Introducing the WORLDS FIRST PORTABLE WATERSPORT STEREO!

Bluetooth Audio Streaming / AM/FM Radio / USB / iPhone / Android / Weatherband* / StereoActive Available Late October 2016

Introducing the FUSION **STEREOACTIVE** - the world's first purpose built watersport stereo. Designed and engineered in New Zealand by FUSION, the **STEREOACTIVE** is engineered for the ruggedness of life on the water and tuned to deliver crystal clear music that enhances any activity.

This isn't just a standard Bluetooth speaker, this is an IPx7 rated, water resistant portable watersport stereo that FLOATS! Featuring a unique FUSION PUCK mounting system that enables you to securely mount the stereo to any paddle board, kayak, canoe, dinghy or even jacuzzi.

Take to the water this season with your full catalogue of music and streaming services, including:

12 unique voice prompts (available in 5 languages) provide audio feedback when you engage with the **STEREOACTIVE**, keeping you informed and in control of your entertainment experience.

The quality of the music is just as important as the durability of the design and it is for this reason FUSION's expert sound engineers worked tirelessly on the Class-D amplifier, speaker drivers, internal volume and passive radiator system to deliver audiophile-quality music reproduction.

The dual 2.5 x 40 Watt custom-designed directional speaker system and passive radiator, is perfectly tuned for powerful audio delivery. The long excursion directional speaker design delivers greater cut through in the outdoor environment and a more personal listening experience.

Take control of your entertainment with FUSION's intuitive app solutions, available for smartphone and smartwatch owners. Garmin smartwatch owners and Apple or Android smartphone users can enjoy wireless control with the free FUSION-Link Bluetooth app, available for download from Garmin Connect, the Apple App store or Google Play store.

- Bluetooth audio streaming, enabling you to stream any popular music service from a compatible A2DP Bluetooth enabled device
- With the AM/FM radio tuner you can tune in your favorite hits, with two dedicated preset keys available for your favorite stations
- Stay on top of the weather with Weatherband radio - Available in North America only
- Enjoy playback of MP3 media from a low profile USB flash drive whilst out on the water. A waterproof cavity is designed to provide secure housing of the USB inside the **STEREOACTIVE**
