

Grunt Klenashine 500ml

\$38

GRUNT KLENASHINE revitalises and restores fibreglass, gelcoat lacquer and enamel surfaces that have an oxidation or light weathering haze to cloud their original shine.

GRUNT KLENASHINE is very easy to apply with a damp cloth. Cover your boat or car with one application, then simply wipe off with a soft cloth.

GRUNT KLENASHINE cleans and shines all oxidised paint finishes and gelcoat surfaces on your boat, car, van, truck, caravan, motorcycle or vintage car. GRUNT KLENASHINE can be applied in direct sunlight which makes it a quick and easy application with little clean up.
