

## Fusion AV650 Marine Stereo Package

\$900

With the constant evolution of entertainment technologies, FUSION continues to dominate the forefront of the sector, pioneering integrated systems for your favourite media devices.

Introducing the FUSION MS-UD650 Entertainment System with an internal, water resistant UNI-Dock for safe charging and playback of the latest Apple iOS and MTP Android/Windows media devices. Bluetooth A2DP audio streaming capabilities, Pandora radio and FUSION-Link NMEA 2000 connectivity make the 650 series an all-in-one and purpose-built solution for entertaining on the high seas.

**Sources:** AM / FM / Bluetooth / USB x 2 / AUX x 2 / iPod / iPhone / MTP / SiriusXM Ready

### Features:

**Internal UNI-Dock** – Securely protect and charge and compatible Apple iOS or MTP Android/Windows device, while enjoying your favourite soundtrack.

**FUSION-Link Control (Wired)** – Enables direct stereo control from a compatible Multi-Function Display (MFD) or MS-NRX200i wired remote control when utilizing an existing NMEA 2000 network. Visit [www.fusion-link.com](http://www.fusion-link.com) for compatible MFDs.

**FUSION-Link Control (Wireless)** – Download the FREE Apple or Android FUSION-Link remote control app from iTunes or Google Play to control the on-board entertainment experience via Bluetooth. **Bluetooth app coming soon.**

**A2DP/AVRCP Bluetooth Streaming** – Stream your family's favorite soundtrack from any compatible device, with track, album and artist info displayed, with navigation available from the stereo or connected device.

**Pandora Radio Support** – Enjoy your favourite Pandora radio station, with thumbs up/down control available from the stereo or connected device. Available via USB or Bluetooth.

**Apple iOS and MTP Android/Windows Media Playback** – Unparalleled support of the world's most popular media devices, and the smartest interface for browsing your music library.

**Dual-USB** – Internal and Rear accessible USB connectors are provided, to support all your media device requirements.

**Multi-Zone Technology** – Three independent audio zones are available, each with advanced localized menu controls, including zone naming. Note: Line Out Zones require additional amplification.

Christchurch: Phone: (+64) 3 384 2726, Fax: (+64) 3 384 4470, Email: [Sales@mrbboats.co.nz](mailto:Sales@mrbboats.co.nz), Address: 247-251 Dyers Road, Bromley, Christchurch, New Zealand

**Optically Bonded LCD** – A widescreen LCD display, optically bonded to improve durability and optimized for daylight viewing.

**Class-D Amplifier** – Provides higher RMS output than a standard stereo, for louder and clearer audio while drawing less current.

**Side-Fin Cooling** – Amplifier components are optimally configured for the side-fin aluminium heat sink, producing greater thermal efficiency.

**Glass Filled Composite Chassis** – Structurally rigid and incredibly lightweight, this improves environmental protection and electrically isolates the chassis for complete reliability.

**True-Marine Designed and Engineered** – Extensively tested to perform in the harsh marine environment.
