

Ronix Vault Wakeboard & Bindings

\$899

Wakeboarding is the only board sport where your shoulders and hips are not always parallel with each other. This innovative Vault recognizes that your body is crossed up riding toeside, and more inline riding heelside, and every design aspect of this board takes this into consideration for the proper building block of wakeboarding. The Vault has a thinner profile for reduced swing weight in the air, and more contact/feel with the water, along with a rockerline that naturally puts you underneath the board in a more centered position. Key Features

- 3-Stage Rocker
- Thinner, Sharper Toeside Rail
- Fuller, Vertical Heelside Rail
